

Cabinet Chic

KELLEY L. MOORE'S QUICK FIX TO KEEP YOUR SMALL SPACE TIDY

Consider adding other space-smart elements around your cabinet. Here, an old chair is made newly hip with fresh paint and mod fabric, a rubber tray layered in frost-white tumbled recycled glass from Bedrock Industries (206.283.7625; bedrockindustries.com) serves as a shoe caddy and a peacock vase by SHINE from City Home Store (206.324.4663; city-home-store.com) makes a dandy umbrella stand.

The Chippendale bar (\$95, Antika Antiques, 206.789.6393; antikaantiques.com) before its recreation.

A bold coating of Benjamin Moore Electric Orange paint ensures that this cabinet stands out.

A white container becomes a mod handbag holder, while green valet trays are a great store-it spot for stamps, pens and an IPOD shuffle.

The bar's existing racks now hold magazines. A mini magnetic strip adds a pop of color and houses magnetic hooks on which to handily hang keys.

STAYING ORGANIZED IN A SMALL SPACE can be challenging. Without a place to drop your keys, purse or mail, clutter will come calling. Dispense with disarray by putting everyday essentials out of sight. Kelley transformed this Chippendale bar into a charming catch-all, complete with a handy behind-the-door light and a lock to keep its contents secure. +

Kelley L. Moore is a lifestyle and entertaining expert for NWH and Seattle magazines. See her story on throwing a great game night on page 134.
